SCHEDULE

Wednesday 14. 6. 2023

Check-in:

For technical and organizational acceptance, the vehicles must be presented in a serviceable condition. The organizer has the right, in case of serious technical defects, to exclude the vehicle. The vehicle's crew members are consisting only of people registered in the start list for the entire duration of the ride, any change must be reported to the organizer at the check-in at the very latest.

Time of the check-in:

All crews will be notified in advance by an e-mail of the exact time of when they are supposed to come with their vehicles for the check-in. Due to the demanding organization of car arrangement according to the start numbers, the crews are obliged to abide by these times unconditionally. In the occurrence of a

premature or late arrival the crew will be awarded penalty points that are counted into the final score of the competition. All organizational details regarding the arrival to the check-in point will be included in the e-mail. **If the crew is unable to arrive at the starting point, they must contact the organizers immediately!**

During the check-in of the vehicle the crew is required to submit:

1. Valid driver's license
2. Proof of payment of third-party insurance
3. Vehicle registration certificate with a valid MOT or Certificate of vintage car with valid attestation.
4. Proof of payment of the starting fee

Marking of competitors:

Upon check-in each crew member will receive a marker indicating participation in the competition. This marker allows entry to sites reserved for the event. The marker also serves as a proof of entitlement to refreshments and meals. For the above-mentioned reasons, it is necessary to have the marker with you during the whole duration of the event.

Marking of vehicles:

Each vehicle has a starting number assigned by the organizer - two stickers on both sides of the vehicle and a plastic number on the front of the vehicle. The vehicle must display the race numbers throughout the event. Unmarked vehicles will not be evaluated. The cars are also arranged by their starting numbers at the starting line.

13:00 – 17:00 Check-in will take place in Opletalova street, number 1337, 110 00 Prague 1 in front of the Automobile club, where participants can find refreshment provided during the check-in and breakfast before the start of the competition. Vehicles admitted to the competition will be parked in front of ACCR in a fenced area guarded by security until the morning of 15. 6. The crews who consider it necessary to cover their car for the night before the start can do so only after 9 pm. Due to official photos being taken, covering the vehicles before 9 pm is prohibited (except for in the chance of rain).

Trailers for vintage cars can be parked in limited numbers in the outdoor area behind the main building NTM, Kostelní street 42, Prague 7, as in last year.

Times can be adjusted as required by the organizer. Time of check-in and the start of the first stage is final.

Stages:

Competition is divided into 3 stages. The track is kept out of the motorway. The competitors drive in full traffic according to the itinerary, which the crew receives at the administration check-in.

Rules of the competition and score assessment:

ATTENTION: for technical and organizational reasons, the whole competition is run in the same way

as all previous years, at a speed average of 45 km/h. The time of the passages of the individual time checks will also be calculated with this speed average for all vehicles.

Passages through the controls will be measured and recorded electronically in the application and subsequently evaluated.

Time Control (ČK) and Transit Control (PK):

Time and passage checkpoints, or obligatory stops and set arrival and departure times to individual checkpoints on the track are part of the race. Time checkpoint on the track are marked with a yellow target with a clock symbol, they are marked in the itinerary. The vehicle must arrive at the checkpoint in a 5-minute window, starting with the indicated time, not sooner. The time of passage will be recorded in the electronic application and in the driving list, which must be submitted by each crew of a vehicle. The checkpoints are marked by target with symbol of stamp. You need to confirm your passing through this checkpoint into your driving list. There is a penalty for a premature passing through a time checkpoint, 500 points for each initiated minute. There is also a penalty for delay, 300 points for each initiated minute.

There are hidden checkpoints on the track, to monitor that the competitors adhere to the itinerary. Not passing through time, passage, or hidden checkpoint is penalized by 15 000 penalty points. Competitors will receive the specified transit times along with the driving card.

The organizer reserves the right to change the score assessment factors.

Special tests:

1. During I. stage Prague – Bratislava a special test with measured time will take place in the depot of the original Masaryk Circuit. Description of evaluation of this test will be included in the “Instruction attachments.”
2. During II. Stage, there is a ride of regularity. Description of evaluations of this test will be induced in the “Instruction attachments.”
3. During III. stage Bratislava – Praha, there is a special ride with measured times included. A description of evaluations of this test will be included in the " Attached instructions".

The organizer reserves the right to change the special tests.

Announced categories:

Score assessment:

The winners in each category will be the vehicles with the best achieved result of the evaluated criteria

- transit (time) checks, hidden checks, adherence to the specified breaks (departure from them), special examination in the depot of the Masaryk Circuit, ride of regularity and the special test in the III. Stage Bratislava-Praha.

In each category, the drivers placed on the 1st - 3rd place win a trophy. The winner of each individual category will also receive brand wristwatches from the special collection "1000 Czechoslovak miles 2023". The absolute winner of the competition wins the tournament cup with the names of all winners since the competition in 2010.

It is allowed to use only the instantaneous speed indicators (tachometer) which is a part of the historical vehicle, experience, intuition, natural and supernatural abilities of the driver and passengers. **Using electronic measuring devices is expressly prohibited!**

We rely on the spirit of sportsmanship and sense of Fair Play, in whose name participants will not use any means other than those permitted. The organizer is allowed to check any vehicle during whole race to see if everything is used according to the rules.

Protests:

The organizer accepts protests against a deposit of 5 000,- CZK that is forfeited if the protest proves to be unjustified, or inconclusive. There is no appeal possible against the decision of the organizer.

Towing service:

Throughout the race there are 4 towing vehicles which can be called, contacts to them are in the itinerary. **The cars are towed only to the nearest checkpoint (for example gas stations with parking lot).** Due to the length of the track and the large number of participants, it is not possible to fulfill individual wishes to tow the car to the vehicle crew's home location.

Refreshments:

During the whole duration of the competition, there are refreshment provided on the stops during the race and after the finish of the stages.

Accommodation:

All crews are accommodated from 15. 6. to 17. 6.2023 at the Park INN hotel in Bratislava. All accommodation beyond the one provided by the organizer (before and after the event) is secured individually by the competitors.
